It is reported that Mr P. Hanumantha Rao Sanitary Inspector, Kolar Town Municipality is drawing a pay of Rs 87 from 11-1-34. The Kolar Town Municipal Council have now resolved that the Sanitary Inspector may be given the higher grade of Rs 87-5/2-100. The DC Kolar and the D of Health both recommend that the higher scale of pay may be granted to the official, treating it as personal to him, as in the case of the present incumbents who are drawing a higher scale of pay in the Kolar St Board.

The present scale of pay of Sanitary Inspector is Rs 35-2-55-4-87 and the question of having a further grade of Rs 87-5/2-100 does not arise. Besides, the question of raising the scales of pay of Sanitary Inspector is separately under consideration and the creation of a grade of Rs 70-1-

\*\*\*

I have the honour to forward, herewith, the application of Mr. Hanumantha Rao, Sanitary Inspector of Kolar Town, praying for the higher grade of Rs 87-5/2-100 and to state that the Municipal Council, Kolar have resolved in their meeting held on 11-9-1936 that the special grade of Rs 87-5/2-100 may be granted to him and that a special recommendation may be made. The President, Municipal Council, Kolar, recommends that in view of the specially arduous nature of the duties allotted to the Sanitary Inspector consequent on the recent abolition of the posts of Water Supply Fitter or Rs 30/- and the Sub Registrar of Births and Deaths on Rs 15-1-20, it is necessary that he should be given the special grade of Rs 87-5/2-100 in question.

The official has been drawing Rs 87/- from 11-1-1934 and in view of G.O. L 4244-65 L.B. 105-33-15 dated 17th December 1934 fixing the pay of the Sanitary Inspectors at Rs 35-2-55 efficiency bar Rs 55-4-87 and making the higher scale of pay obtaining in the two City Municipalities and the Kolar District Board personal to the incumbents concerned, I recommend that the higher grade of Rs 87-5/2-100 be given to the applicant Mr. Hanumantha Rao also treating it as personal to the official taking into consideration his long service of 27 years and the good work that is being done by him.

To

The President,  
Town Municipal Council, Kolar.

Respected Sir,

I beg to represent the following facts for your kind and favourable consideration and request that you may be pleased to recommend my case to the Deputy -- Commissioner and the Government with your strong support.

While passing orders re the pay and prospects of the Sanitary Inspectors in their order no. G.O. L4244-65 L.B. 105-35-15 dated 17th December 1934, Government were pleased to mention in Para 3 of their order that the higher scale of pay obtaining in the two City Municipalities and the Kolar District Board will be personal to the present incumbents. In this connection, I beg to submit that it may not be out of place to mention that with -- reference to Deputy Commissioner's Memo No. A.S.G. 2142 of 29-30 dated 25.1.1930 requesting for the opinion of the Municipal Council in the matter of raising the maximum of the Sanitary Inspectors from Rs 87/- to Rs 100/- by bi-annual increment of Rs 5/- the Municipal Council, Kolar Town have been pleased to resolve so far back as 30.1.1930 (copy enclosed for ready reference) that the higher scale of pay viz. 87-5/2-100 may be given to the Sanitary Inspector in their Municipality. A copy of this resolution of the Municipal Council was submitted to the Deputy Commissioner

I understand, as a reply to his reference. The sanction of Government to this resolution of the Municipal Council seems to have been not obtained presumably on the understanding that at the time this resolution was passed the then Sanitary Inspector of the Municipality had not even reached the maximum of Rs 87/- in the grade of 35-2-67-5/2-87. Even in the Kolar District Board though no Sanitary

Inspector had reached the maximum of Rs87/- at the time of the question of giving higher scale of pay (87-5/2-100) to the Sanitary Inspectors came up before them for consideration, yet the District Board were pleased to -- resolve, I understand, in their meeting held some where in May 1929 that the higher scale of pay may be given and accordingly sought the sanction of Government. I may even mention that the Government have been pleased to sanction very recently the grade of 87-5/2-100 in the case of such of the Sanitary Inspectors of the Kolar District Board -- who had not even drawn increments in the higher scale but had only reached the maximum of Rs87/- two years back and were eagerly expecting to get into the higher grade. My case is on all fours with my Brother Sanitary Inspectors of the Kolar District Board since I am drawing a pay of Rs87/- for the last two years and I would have also if the resolution of the Municipal Council to give the higher grade of Rs87-5/2-100/- to the Sanitary Inspector had been sanctioned by Government entitled to the higher grade. I have also put in more than 25 years service, of which the greater part was under the Bangalore and Mysore District Boards and the rest in Hassan and Kolar Town Municipalities. I may say that I have worked diligently, conscientiously and to the best of my ability and to the utmost satisfaction of my superior officers under whom I have served in all these years. I am confident that the President is also impressed with my hard and good work for the past one year since I was transferred to this Municipality and will not fail to record an appreciation of the same while recommending my case. If the higher scale of pay is sanctioned in my case also -- it would be not only an incentive to my continuous good work but also would be useful for my pension at the time of retirement in the usual course.

In view of the foregoing circumstances, I request that you may be pleased to recommend my case very strongly to the
